Homeowners and Builders Welcome Builders Lighting

Builders Lighting LLC

Nancy Brewer (center) helps Bobby and Voe Montgomery select new lights for a home remodel

There is a new jewelry store in town. Except this unique store, Builders Lighting at 1807 Seminole Trail, sells jewelry for the home.

“Lighting is the jewelry for your home,” says Nancy Brewer, owner of Builders Lighting LLC, a new retail lighting showroom at 1807 Seminole Trail beside the entrance to Grand Home Furnishings. “Lighting highlights the best parts of your home. It adds warmth and a personal touch. Lighting shows off everything you have spent your money on.”

Now located in the former showroom of the Artful Lodger in the Sprint/Second Bank Building on Route 29 North, Builders Lighting is Charlottesville’s only all-lighting retail showroom, offering a huge variety and many styles of lighting at a wide range of prices.

Nancy Brewer, a lifelong native of Charlottesville, has been in the lighting business for over 20 years. She has worked closely with many fine builders, designers and architects in Charlottesville, as well as individuals and families.

Voe and Bobby Montgomery, with Real Estate III, have worked with Nancy in the past and are planning their latest remodeling job with new lights from Builders Lighting.

“We first worked with Nancy several years ago and enjoyed our experience,” Voe Montgomery stated. “Even though we bought only one light, we appreciated all the personal attention she gave us. Now that we are remodeling our home, we want Nancy to help us with all our lighting needs.”

As an experienced Realtor, Bobby Montgomery sees many possibilities for Builder’s Lighting.

“If you are buying an existing home, as we did, lighting gives you the opportunity to personalize your home,” he noted.

“Builders Lighting is a fabulous addition to Charlottesville,” Voe stated. “It’s perfect for those who are building a home or just remodeling. I think I have good taste, but lighting is not my area of expertise. With her many years of experience, Nancy has helped us make the right selections. The new showroom features all types of lighting. It’s really one-stop shopping.”

Local builders also appreciate Nancy’s services. As the housing market becomes extremely competitive, buyers are becoming much more selective and are demanding higher quality lighting and unique styles. And builders want their homes to sell quickly.

“People don’t want their lights to look like everyone else’s. They want distinctive looks that reflect on their personal tastes,” Nancy remarked. “We have introduced several new lines to Charlottesville that are well priced and unique in design.”

Chuck Sizemore, Construction Manager with Beights Custom Homes, has worked with Builders Lighting with 4 magnificent new homes in Old Trail Village, and another just starting construction.

“Nancy has been a pleasure to work with,” Sizemore noted. “Before you even think about calling her about some detail, she has already called you.”

“We are delighted to work with Nancy,” added Preston Moore, Vice President of Beights Development. “She has certainly contributed to our success here at Old Trail.”

“Personal service is the quality that sets Nancy Brewer apart from everybody else,” Chuck summarized. “She is pleasant to work with and most professional.”

“Lighting is my passion,” Nancy remarked. “I enjoy serving customers and helping them with their lighting needs. Whether it’s a single light or an entire house pack, we invite everyone to stop in and see our new retail lighting showroom. We are lighting specialists and if there is anything we can help you with in the way of lighting, we are delighted to offer our services.”
