

# BUILDERS LIGHTING NAMED FINALIST FOR SHOWROOM OF THE YEAR

Builders Lighting, a retail lighting showroom in Charlottesville, has been selected as a national finalist for the Showroom of the Year to be awarded June 23 at the Dallas International Lighting Market. Among thousands of showrooms in the same volume category, Builders Lighting was selected in the Top Ten by a team of expert judges.

Says Residential Lighting Magazine, “The nomination form says it all: Builders Lighting is staffed by a group of the most knowledgeable people in the lighting business. ‘The Lighting Goddess’, Nancy Brewer, is the owner of Builders Lighting and has more than 25 years experience in the lighting world. With this experience, she has trained her staff to offer ‘outrageous service’, far beyond industry norms. In fact, ‘Service, Value and Experience’ is the company motto.”

Builders Lighting opened its doors in 2007, but in four short years, the firm has established the reputation of integrity and service for both builders and homeowners alike.

“We are in the people business first and foremost,” Brewer said. “Lighting is second.”

Builders Lighting, in fact, recently remodeled and expanded their showroom with the customer’s convenience in mind. The store now features an indoor lighting landscape display, complete with a gurgling pool and many lighting options - unique in the state of Virginia. The showroom also has more lighting fixtures on display than any other store in Central Virginia, so customers can come in and see for themselves how a particular fixture may enhance their home.

Builders Lighting offers lamp repair so customers can recycle family heirlooms and save that favorite lamp from the scrap pile. They also offer lamp shades with hundreds of fabric swatches for custom orders, as well as a broad selection of shades in stock. Naturally, with Brewer’s vast experience, the showroom features one of the finest selections of chandeliers, lamps and lighting fixtures in her industry.

New at Builders Lighting are electric fireplaces that can add warmth and elegance to any home or business. The fireplaces mount on the walls or in the corner of a room and can be adjusted to offer heat or just ambience.

Another new addition at Builders Lighting is a “Powder Room Shop” with ornamental glass and stone sinks, elegant mirrors and unique powder room lighting fixtures - all for the convenience of the customer.

Giving back to the community is a priority at Builders Lighting. Elderly customers know they will get pickup and delivery of a broken lamp or a chandelier that needs dressing. A local battered women’s shelter receives needed fixtures, lamps and shades that help make temporary homes warm and comfortable. Recently, Builders

Lighting had a \$50 Chandelier Sale, donating half the proceeds to Marianne’s Room at the Martha Jefferson Hospital, a resource center for women diagnosed with cancer.

A tribute to her service, Nancy Brewer was just named Associate of the Year at the Annual Awards Meeting of the Blue Ridge Home Builders Association,

The Winners of the Showroom of the Year will be announced during a special ceremony at the June Dallas Market, where Brewer will be shopping for more exciting items and new additions to her showroom that will appeal to the unique Charlottesville market.

Stop by and see the friendly, service-oriented Builders Lighting Showroom at 1807 Seminole Trail, beside Grand Home Furnishings. The showroom is open from 9 to 5:30 Mon-Fri and 9 to 4 on Saturday. For more information, call 434-97LIGHT (975-4448) or visit [www.builderslightingllc.com](http://www.builderslightingllc.com).
